

AUSTRALIAN SHEPHERD ASSOCIATION OF NSW Inc

President Report 2013-4

Well, it's almost AGM time again - where does the time go?

It's been a busy year for the committee, running the Specialty/Obedience/Rally O show, the Agility trial, sausage sizzles and more. As before a big thanks to those who made it possible.

The new club merchandise (calendars particularly) continued to prove popular, and I'd imagine everyone would like to run them again next year. That means you should start thinking now which of your favourite pictures you want to use. As always we welcome everyone's feedback and suggestions on how we could improve the club and its running.

Adding to the caps, calendars and other merchandise we managed to run sausage sizzles at Masters and Bunnings, which were long days but were generally considered rousing successes for the club. It's hard to imagine we wouldn't want to run them again next year.

Likewise, the Agility trial flowed quickly this year and a big thanks goes out to all involved, not least the competitors who always pitched in to keep things moving.

As our treasurer can attest, the club is financially healthy heading into 2014. If we can keep driving the club forward with the various initiatives mentioned above, it should be on track to run bigger events in 2015 and beyond - perhaps more big ticket judges, prizes or events.

Finally, remember it's not too early to be considering options for new calendars, clothes, sizzles, etc. I wish nothing but the best to whoever takes over the reins in leading the club forward.

Ben Helps
